## FOREWORD

It is with great pleasure that we present to you herewith our 1946 offerings of the finest imported and domestic grown bulbs. Never before have we offered so complete a list as presented to you herewith.

All the Tulips, Hyacinths, Crocus and other small bulbs are imported by us direct from the best Holland growers. All our Daffodils and other Narcissi are Oregon grown. Those of you who had the pleasure of viewing our Spring Daffodil Show in April can attest to the quality of blooms these fine bulbs can be expected to produce.

All varieties offered have been selected with utmost care, and descriptions are carefully checked for accuracy. A number of new and unusual varieties are offered herewith, and we hope you will try some of these.

### \*TERMS OF SALE

All bulb and grass seed orders amounting to \$2.00 or more will be delivered at prices quoted to any point within the 3rd postal zone from Dayton. Please bear this in mind when comparing prices. Bulbs will not be shipped C. O. D. Please send your check or money order with all mail orders. We sell 6 or more bulbs *of a variety* at the dozen rate: 50 or more *of a variety* at the 100 rate.

### \*GUARANTEE

We guarantee all bulbs we sell to be true to variety name, and in healthy condition when delivered to the customer. All complaints concerning quality or condition of bulbs, to be considered, must be filed within 5 days after receipt of merchandise. In no case will The Garden Store be responsible for more than the original purchase price of the bulbs.

\*MAIL ORDERS will have our prompt and careful attention. If out of the variety ordered, we will substitute a similar variety if available, unless you indicate on your order not to do so.

The Garden Store is run on the idea that gardeners want reliability, above all else, in their seedsmen.

Our merchandise and our selling methods are governed by that one big idea.

The good gardeners of the Dayton area know this, and they may be sure that we'll never let them down!

If you're not already acquainted with our complete "one-stop" service, we invite you to try it out.

**The proper depth of planting various bulbs depends to a considerable extent on the nature of the planting soil. In soils inclined to be heavy, shallower planting is usually advisable compared with planting in loose, porous soils. Also slightly deeper planting in the more rigorous climates is advisable. Keep these points in mind when consulting any bulb planting chart.**

## NARCISSUS (Daffodils)

They make a permanent addition to the garden, and thrive in most any ordinary garden soil. They do not object to partial shade. We offer an unusually complete assortment of types this year. # YOUR LAWN

**For a drought-resisting lawn next summer  
FEED and SEED it NOW**

This is best done early in the Fall. September 1st is not too early, and all seeding should be finished if at all possible, by October 1st. If this is done, and the soil is not allowed to dry out until the grass plants are well started, you are assured of a good green lawn before cold weather. For best results, use either our SUNNY GLEN or SUN-SHADE DIAMOND listed below.

### Sunny Glen Lawn Mixture

A properly proportioned blend of the finest lawn grasses, with Kentucky Blue grass predominating. Years of satisfactory performance proves its adaptability to local soil and climatic conditions. Available either with or without White Dutch Clover. Lb. 95c; 10 lbs. \$9.00; 25 lbs. \$22.00; 100 lbs. \$86.00.

### Sun-Shade Diamond Mixture

A companion mixture to the above, compounded for use on those more shaded areas. Blends well with other grass mixtures. Contains Kentucky Blue Grass, Bent Grass, Chewings Fescue and Red Top Grass. Lb. \$1.20; 10 lbs. \$11.50; 25 lbs. \$28.00; 100 lbs. \$110.00.

### Terrace Turf Mixture

For those unsightly bare-backed hillsides and terraces where the usual lawn grasses refuse to grow. Lb. 90c; 10 lbs. \$8.50; 25 lbs. \$20.75; 100 lbs. \$81.00.

### Dayton Special Mixture

For use where lower cost of materials is more important than extreme fineness of turf. A serviceable mixture of good quality, re-cleaned and tested seeds. Lb. 65c; 10 lbs. \$6.00; 25 lbs. \$14.50; 100 lbs. \$56.00.

**Hyponex is a clean, odorless, soluble powder which, with water, is a complete plant food. It grows bigger and better plants in poorest soil, even in sand, cinders or water—indoors or outdoors. Assures larger and more flowers, increased quantities of vegetables, and more prolific growth for grass, plants, bushes and trees. 1 lb. makes 100 gallons; 1 oz. makes 6 gallons; 1 teaspoon makes 1 gallon.**

1 oz. 10c; 3 oz. can 25c; 7 oz. can 50c; lb. \$1.00; 10 lbs. \$8.00

## PEAT MOSS

The same high quality imported peat we have handled for years. Vacuum cleaned to remove excessive dust and dirt. New convenient size carton \$1.95 each. Special bale \$2.75.

### Mel-lo Peat

A pure weedless, odorless sedge peat, milled and fluffed by a special process ready for use. Unexcelled for preparing seed beds, conditioning soils, mulching and as a covering for grass seed. It contains 96% organic humus and about 2% nitrogen. Try a bag—you'll like its fine feathery texture. Per 2-bu. bag \$1.35.

# TREE SAVER BANDS

## A DDT PREPARATION ON A STEEL WOOL BAND

The Tree Saver Band is a simplified method of protecting your valuable trees against the ravages of insect pests such as the deadly Canker Worm, Gypsy Brown-tail Moth, Tussock Moth, Caterpillars and other tree pests. It is prepared of a sticky substance impregnated with DDT. Just wrap the band around the tree, tuck in the edges and Tree Saver does the rest. Application should be made in early September through November, and again in early March through June.
